When it comes to Amazon Ads...

*So many people are doing it dead wrong...
There are lots of moving part... you might
get **confused** and you might want to hand
over your Advertisement to some 3rd party
agency...*

When it comes to Amazon Ads...

That's what I did when I first got started on this business... BUT...If you have tried agency services before, you will know how your results are going be...

After 5+ years... I have learned it the **HARD** **WAY...**

I have wasted lot of money by trying to figure out on my own... But none of them worked... After some time I thought I should learn this from an expert. So, bought all the courses that is available in the market...

After 5+ years... I have learned it the **HARD** **WAY...**

Then, I have crafted my own way of doing it... By making slight changes to the concepts that these high priced courses were teaching... After testing and tweaking...

The 3 Secrets...

Secret #1 - *The #1 best effective way to get discovered on Amazon search results. (Increasing Visibility)*

Secret #2 - *Apply A little known secret that doubles your sales instantly. (Conversion Booster)*

Secret #3 - *How to ETHICALLY steal buyers from your competitors and make them buy from you instead.*

***Secret #1** - The #1 best effective way to get discovered on Amazon search results. (Increasing Visibility & RANK)*

*So...How do you increase organic
visibility & **RANK?***

Before that... Let's look into few numbers...

<input type="checkbox"/>	(Parent) ASIN	(Child) ASIN	Title	SKU	Sessions	Session Percentage	Page Views	Page Views Percentage	Buy Box Percentage	Units Ordered	Unit Session Percentage	Ordered Product Sales	Total Order Items
<input type="checkbox"/>					14,342	3.60%	26,746	4.78%	89%	3,259	22.72%	Rs. 12,97,548.00	3,139

*What are the MAIN factors that
influences organic visibility &
RANKING...?*

*There are only a **FEW** factors that
hold **GREAT WAYS** to rank a
product on Amazon...*

1. Selling **MORE UNITS PER DAY** than
the competition (eg. Daily Sales
Velocity)

2. **RELEVANCY** - How much does amazon “see” your listing is **RELEVANT** for searches being made (eg. Keyword Relevancy for your listing vs. the competition.)

3. **CONVERSION RATE** for your listing
(eg. 12% CR will rank higher than 11%
conversion rate)

4. **FULL PRICE SALES** vs. heavily
discounted sales (the Price to Discount
Ratio)

5. **SPONSORED ADS CAMPAIGN** triggering full-priced sales for a large & diverse set of product keywords. (We have definitive proof that the more success you have in a sponsored ads campaign, the higher your organic rank. The two seem to go hand in hand over time.)

6. **REVIEWS** - *By themselves they don't cause rank, but they boost conversion rate which boosts daily sales velocity*

*So, now you know all the important factors that helps you in improving organic Rank... If you rank on the one page for most of your **HIGH VOLUME** KWs... You know that you're going get tons of orders...*

*The FIRST thing we see in the ranking factor
is **RELEVANCY**...*

RELEVANCY = *Proper KEYWORD RESEARCH*

*Please **DO NOT** over think KEYWORD RESEARCH...
I'm going to show a dead simple way to do this...
READY?*

Hi Aman,

Let me first thank you, which looked like an ordinary course popping up on facebook has actually been very helpful so far. I was overconfident that i was doing everything right and not getting result as amazon is biased towards some old sellers in terms of various fee and new seller can not succeed. But i was wrong. I am glad i took this course as i was not able to make good sale on amazon and flipkart and was thinking of quitting it. Just because of lockdown i had free time and so i took your course. However as i am slowly taking these videos sessions i have few queries . For today i want to ask:

1. The keywords in product description (below the product details , dimensions, warranty details) do they count towards your engine optimization or is it just the product title, bullet points and backend keywords?

2. I have 17 on most of my products , how to do it type as you mentioned in your session. The designer making my a-10 is unaware of it. How can I do it.

Thanks it would be great if you can answers these as i will have more queries as i take your course gradually and put it in practice. I already

Thanks for that as well.

Regards,

Ankur
